Don Catchen

Mayor, Park Hills, KY

Mr. Mayor;

We are a group of concerned Park Hills citizens, taxpayers, who are deeply concerned with the legal events involving you and our city including the firing of Amy Schworer and details of racist remarks and activities reported by Jim Hannah in Sunday's Enquirer (August 11, 2013 issue).

Despite sworn depositions about racist behavior you claim to be the persecuted victim of a witch hunt. This is as good as a guarantee that we, the residents, can expect to incur more legal fees as you continue in your role as mayor. AND you have brought on us the stigma of racism – an image that only you alone have earned yet residents will be smeared.

Mr. Mayor, PH has already incurred many tens of thousands of dollars in legal fees relating to city insurance and the firing that may be the responsibility of residents to pay. Our city's reputation and our pocket books cannot afford your continued role as mayor. We respectfully request that you demonstrate your high regard for Park Hills and your constituents by resigning now as the mayor of Park Hills.
